TRI COUNTY ROCKS! Awesome way to spend the last day of October and the first 2 days of November.

Day 2 last sections (Jack sr. sections) were great reminders of this years Greenbrier.

Wish they all were like this!

Great trails, perfect weather, those fast fire cuts were the best way I can think of to spend my Sunday riding.

I have to say that knowing a bunch of the Tri County boys and having ridden down there before, I expected a great time. However, I was blown away with not only the trail, but the whole package. The band, bonfire, atmosphere, and of course the trail was top notch..... I got to hang out with good friends and do a bunch of BSing over a few cocktails..... Great time Team Hammer !!!! See ya next year.....

PS- I brought a rookie with and he was smiling ear to ear all the way home.....I think he is hooked.....

Outstanding event! Don't know where to start - everything was great - the trail, the food, the hotdog cart, the trail, the weather, the band, the trail - did I mention trail? The hero section sun afternoon was to die for - a perfect way to cap off a great day of riding.

Thanks TCSC!

I agree with everyone else great event in every aspect. I had a fluke bike problem that ended my day about 35 miles from the end. I had to push my bike about a mile to the nearest blacktop road and the club got me back to the start from there. I don't know all the names of those who helped but I want to say thanks for the help. I probably did about 300 dollars of damage to the bike yet when I think about my day all I can think about was the fun I had before my bike issues. I can see myself riding this particular DS for years to come. Thank you Tri County.

that was one of the best dual sports if ever ridden. pig roast, live bands, perfect weather, tons of fast trail

nice job tri county members!!

i can't wait till next year

Couldn't agree more! Food, camping location, band, campfire, giveaways, club support along the route, arrowing, mid-day hot dog cart (excellent idea!)

Great mix of trail - but the last section Sunday was simply the best - definitely the most fun I've had riding this year!

Outstanding effort TCSC! Please schedule next years event on an equally gorgeous weekend!

the last section was by far the best - after riding 73 ground miles and then having a real 17 mile "enduro section made us get our moneys worth - THANK YOU - ILL BE BACK - (more enduro trail would be great but I do understand it is a dual-sport) - thanxs again!!

ANTHONY EZERSKIS

thank you to the club members who took my wife and broken husky back to camp.that allowed me to finish the ride

FAN-FRICKEN-TASTIK!!!!!!!!!!!!!!!!!!!!!!!!!!!! This was the third (or is it the fourth?) year that Ive done this ride and it just keeps gettin' better! This was the first time that I didn't ride my 950, instead I brought my 525 and BOY OH BOY am I glad I made that choice! I had so much fun! The Hero section at the end of Sunday was really great. The gravel roads on Saturday were a blast, backing the 525 into the turns at something like 70 or 75 mph was a rush!

Where do I sign up for next year????

Rally On!!!

I only rode sunday, but that ride was perfect. the mix of trails and 2-track all day was great.. and the hero section at the end was awesome ! super job laying out the route.. my suggestion for next yr ? nada ! .. perfect ride..

the hot dog cart was a great idea. and the pulled pork sandwiches and chicken at the end .. dualsport of the yr !

My dad and I had a great time. Fast fire roads, flowing quick fire cuts, then short fresh trail sections....great layout. The hero section at the end was sweeeeet.

The hotdog cart was awesome. I had the meatball sub and they were worried that it wouldn't be hot enough?! We're in the middle of the woods and there is a hotdog cart with meatball subs, how could anyone complain? Good times and great trail. Many thanks to the Tri County crew and the local landowners and of course to the Franckle family without them none of it would have been possible.

Glad everyone enjoyed our run.

You folks made it the success it has become by helping us "fine tune" it a little better each year.

The mix of trail/road/firecut etc. has come from the suggestions we get every year.

See ya at Meteor this w/e.
